Board of Trade, Whitehall Gardens, February 4, 1875.

THE Board of Trade have received from the Secretary of State for Foreign Affairs a Despatch from Her Majesty's Minister at Rome, stating that a Royal Decree has been issued providing that the special Tariff of duties on tobacco imported into Sicily should cease to be in force from and after the 1st instant, when the General Customs' Tariff would become applicable. Tobacco ordered previously to the publication of the Decree may, however, be imported under the special Tariff until the end of March next.

Admiralty, 2nd February, 1875.

In accordance with the provisions of Her Majesty's Order in Council of the 22nd February, 1870—

Lieutenant George Fouke Maynard has this day been placed on the Retired List of his rank.

FROM THE

LONDON GAZETTE of FEBRUARY 9, 1875.

Lord Chamberlain's Office, St. James's Palace, February 9, 1875.

NOTICE is hereby given, that His Royal Highness the Prince of Wales will, by command of The Queen, hold Levees at St. James's Palace, on behalf of Her Majesty, on Monday, the 22nd of February, and on Monday, the 1st of March next, at two o'clock.

It is The Queen's pleasure that Presentations to His Royal Highness at the Levees shall be considered as equivalent to Presentations to Her Majesty.

N.B. The Knights of the several Orders are to appear in the Collars at the Levee on the 1st of March, it being a Collar-Day.

Regulations
to be observed at the Queen's Levees to be held by His Royal Highness The Prince of Wales, on behalf of Her Majesty, at St. James's Palace.

By Her Majesty's Command.

The Noblemen and Gentlemen, who propose to attend Her Majesty's Levees, at St. James's Palace, are requested to bring with them two large cards, with their names *clearly written* thereon, one to be left with The Queen's Page in attendance in the Corridor, and the other to be delivered to the Lord Chamberlain, who will announce the name to His Royal Highness.

Presentations.

Any Nobleman or Gentleman who proposes to be presented, must leave at the Lord Chamberlain's Office, St. James's Palace, *before twelve o'clock*, two clear days before the Levee, a card with his name written thereon, and with the name of the Nobleman or Gentleman by whom he is to be presented. In order to carry out the existing regulations that no presentation can be made at a Levee excepting by a person actually attending that Levee, it is also necessary that an intimation from the Nobleman or Gentleman who is to make the presentation, of his intention to be present, should accompany the presentation card above referred to, which will be submitted to The Queen for Her Majesty's approbation. It is Her Majesty's command that no presentations shall be made at the Levees, except in accordance with the above regulations.

It is particularly requested, that in every case the names be *very distinctly written* upon the cards to be delivered to the Lord Chamberlain, in

order that there may be no difficulty in announcing them to His Royal Highness.

The State Apartments will be opened for the reception of Company coming to Court at one o'clock.

HERTFORD,
Lord Chamberlain.

Her Majesty's Most Gracious Speech, delivered by the Lords Commissioners, to both Houses of Parliament, on Friday, February 5, 1875.

My Lords and Gentlemen,

IT is with great satisfaction that I again meet you and resort to the advice and assistance of my Parliament.

I continue to receive assurances of friendship from all Foreign Powers. The peace of Europe has remained, and I trust will remain, unbroken. To preserve and consolidate it will ever be a main object of my endeavours.

The Conference held at Brussels on the Laws and Usages of War has concluded its sittings. My Government have carefully examined the reports of its proceedings; but, bearing in mind, on the one hand, the importance of the principles involved, and, on the other, the widely divergent opinions which were there expressed, and the improbability of their being reconciled, I have not thought it right to accede to proposals which have been made for further negotiations on the subject. The correspondence which has passed will be presented to you.

The Government of Spain, presided over by Marshal Serrano, has ceased to exist, and the Prince of Asturias has been called to the throne

under the title of King Alfonso XII. The question of formally recognising, in concert with other Powers, the newly-restored monarchy is at this moment before my Government, and its decision will not be long delayed. It is my earnest hope that internal peace may be speedily restored to a great, but unfortunate, country.

The exertions of my naval and consular servants in the repression of the East African Slave Trade have not been relaxed, and I confidently trust that they will bring about the complete extinction of a traffic equally repugnant to humanity and injurious to legitimate commerce.

The differences which had arisen between China and Japan, and which at one time threatened to lead to war between those States, have been happily adjusted. I have learnt with pleasure that the good offices of my Minister at Pekin have been largely instrumental in bringing about this result.

The past year has been one of general prosperity and progress throughout my Colonial Empire.

On the Gold Coast a steady advance has been made in the establishment of civil government; peace has been maintained, and I have procured the assent of the protected tribes to the abolition of slavery. Henceforward, I trust, freedom will exist there as in every part of my dominions.

In Natal I have found myself under the necessity of reviewing the sentence which had been passed upon a native chief, and of considering the condition of the tribes and their relations to the European settlers and my Government. I doubt not that I shall have your concurrence in any measures which it may become my duty to adopt for ensuring a wise and humane system of native administration in that part of South Africa.

Papers will be laid before you on these several matters.

The King and chiefs of Fiji having made a new offer of their islands unfettered by conditions, I have thought it right to accept the cession of a territory which, independently of its large natural resources, offers important maritime advantages to my fleets in the Pacific.

An ample harvest has restored prosperity to the provinces of my Eastern Empire, which last year were visited with famine. By the blessing of Providence my Indian Government has been able entirely to avert the loss of life which I had reason to apprehend from that great calamity.

Gentlemen of the House of Commons,

I have directed the Estimates of the year to be prepared and presented to you without delay.

My Lords and Gentlemen,

The condition of the finances is satisfactory. The trade of the country in the past year has somewhat fallen short of that of the year before, but the general prosperity of the people, supported as it has been by an excellent harvest, as well as by the great reductions lately made in taxation, has led to a steady increase in the consumption of all the necessaries of life, and of those articles which contribute to the revenue.

The various statutes of an exceptional or temporary nature now in force for the preservation of peace in Ireland will be brought to your notice with a view to determine whether some of them may not be dispensed with.

Several measures which were unavoidably postponed at the end of last session will be again introduced. Among the most important are those

for simplifying the Transfer of Land and completing the reconstruction of the Judicature.

Bills will be also laid before you for facilitating the Improvement of the Dwellings of the Working Classes in large towns ; for the consolidation and amendment of the Sanitary Laws ; and for the prevention of the pollution of Rivers.

A measure has been prepared for consolidating and amending the laws relating to Friendly Societies. Its object will be to assist, without unnecessarily interfering with, the laudable efforts of my people to make provision for themselves against some of the calamities of life.

A Bill for the amendment of the Merchant Shipping Acts will be laid before you.

Your attention will be moreover directed to egislation for the better security of my subjects trom personal violence, and for more effectually providing for the trial of offences by establishing he office of a Public Prosecutor.

Although the Report of the Commission issued by me to inquire into the state and working of the law as to offences connected with trade has not yet been made to me, I trust that any legislation on this subject which may be found to be expedient may take place in the present session.

You will also be invited to consider a measure for improving the law as to Agricultural Tenancies.

I commend to your careful consideration these and other measures which may be submitted to you, and I pray that your deliberations may, under the Divine blessing, result in the happiness and contentment of my people.

PRESENT,

The QUEEN'S Most Excellent Majesty in Council.

WHEREAS by an Act of Parliament made and passed in the Session of Parliament holden in the thirty-third and thirty-fourth years of the reign of Her present Majesty, intituled "An Act for "amending the law relating to the Extradition of "Criminals," it was amongst other things enacted, that where an arrangement has been made with any foreign State with respect to the surrender to such State of any fugitive criminals, Her Majesty may, by Order in Council, direct that the said Act shall apply in the case of such foreign State; and that Her Majesty may, by the same or any subsequent Order, limit the operation of the Order, and

restrict the same to fugitive criminals who are in or suspected of being in the part of Her Majesty's dominions specified in the Order, and render the operation thereof subject to such conditions, exceptions, and qualifications as may be deemed expedient:

And whereas a Treaty was concluded on the thirty-first day of March last between Her Majesty and the Swiss Confederation, for the Mutual Extradition of Fugitive Criminals, which Treaty is in the terms following: –

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, and the Swiss Confederation, having judged it expedient, with a view to the better administration of justice and to the prevention of crime within their respective territories and jurisdictions, that persons charged with, or convicted of, the crimes hereinafter enumerated, and being fugitives from justice, should, under certain circumstances, be reciprocally delivered up, have named as their Plenipotentiaries to conclude a Treaty for this purpose, that is to say:

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Alfred Guthrie Graham Bonar, Esquire, Her Envoy Extraordinary and Minister Plenipotentiary to the Swiss Confederation;

And the Federal Council of the Swiss Confederation, Joseph Martin Knüsel, Member of the Swiss Federal Council;

Who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon and concluded the following Articles:—

ARTICLE I.

The High Contracting Parties engage to deliver

up to each other those persons who, being accused or convicted of a crime committed in the territory of the one Party, shall be found within the territory of the other Party under the circumstances and conditions stated in the present Treaty.

ARTICLE II.

The crimes for which the extradition is to be granted are the following :—

(1.) Murder (including infanticide) and attempt to murder.

(2.) Manslaughter.

(3.) Counterfeiting or altering money, uttering or bringing into circulation counterfeit or altered money.

(4.) Forgery, or counterfeiting, or altering, or uttering what is forged, or counterfeited, or altered ; comprehending the crimes designated in the Penal Codes of either State as counterfeiting or falsification of paper money, bank-notes, or other securities, forgery, or other falsification of other public or private documents, likewise the uttering or bringing into circulation, or wilfully using such counterfeited, forged, or falsified papers.

(5.) Embezzlement or larceny.

(6.) Obtaining money or goods by false pretences.

(7.) Crimes against bankruptcy law.

(8.) Fraud committed by a bailee, banker, agent, factor, trustee, or director, or member or public officer of any Company made criminal by any law for the time being in force.

(9.) Rape.

(10.) Abduction of minors.

(11.) Child stealing or kidnapping.

(12.) False imprisonment.
(13.) Burglary, or housebreaking, with criminal intent.
(14.) Arson.
(15.) Robbery with violence.
(16.) Threats by letter or otherwise with intent to extort.
(17.) Perjury or subornation of perjury.
(18.) Malicious injury to property, if the offence be indictable.

The extradition is also to take place for participation in any of the aforesaid crimes, as an accessory before or after the fact.

ARTICLE III.

No Swiss shall be delivered up by Switzerland to the Government of the United Kingdom; and no subject of the United Kingdom shall be delivered up by the Government thereof to Switzerland.

ARTICLE IV.

The extradition shall not take place if the person claimed on the part of the Government of the United Kingdom, or the person claimed on the part of the Swiss Government, has already been tried and discharged or punished, or is still under trial, in one of the Swiss Cantons or in the United Kingdom respectively, for the crime for which his extradition is demanded.

If the person claimed on the part of the Government of the United Kingdom, or if the person claimed on the part of the Swiss Government, should be under examination, or have been condemned for any other crime, in one of the Swiss Cantons or in the United Kingdom respectively, his extradition may be deferred until he shall have been set at liberty in due course of law.

In case such individual should be proceeded against or detained in the country in which he has taken refuge, on account of obligations contracted towards private individuals, his extradition shall, nevertheless, take place ; the injured party retaining his right to prosecute his claims before the competent authority.

ARTICLE V.

The extradition shall not take place if, subsequently to the commission of the crime, or the institution of the penal prosecution, or the conviction thereon, exemption from prosecution or punishment has been acquired by lapse of time, according to the laws of the State applied to.

ARTICLE VI.

If the individual claimed by one of the two Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other Powers, on account of other crimes committed upon their respective territories, his surrender shall be granted to that State whose demand is earliest in date ; unless any other arrangement should be made between the Governments which have claimed him, either on account of the gravity of the crimes committed, or for any other reason.

ARTICLE VII.

A fugitive criminal shall not be surrendered if the offence in respect of which his surrender is demanded is one of a political character, or is connected with a crime of that nature, or if he prove that the requisition for his surrender has, in fact, been made with a view to try and punish him for an offence of a political character.

ARTICLE VIII.

A person surrendered can in no case be kept in prison, or be brought to trial in the State to which the surrender has been made, for any other crime, or on account of any other matters than those for which the extradition shall have taken place.

This stipulation does not apply to crimes committed after the extradition.

ARTICLE IX.

The requisition for extradition must always be made by the way of diplomacy, and to wit, in Switzerland by the British Minister to the President of the Confederation, and in the United Kingdom to the Secretary of State for Foreign Affairs by the Consul-General of Switzerland, who, for the purposes of this Treaty, is hereby recognized by Her Majesty as a Diplomatic Representative of Switzerland.

The requisition for the extradition of an accused person must be accompanied by a warrant of arrest issued by the competent authority of the State requiring the extradition, and by such evidence as, according to the laws of the place where the accused is found, would justify his arrest if the crime had been committed there.

If the requisition relates to a person already convicted, it must be accompanied by the sentence of condemnation passed against the convicted person by the competent Court of the State that makes the requisition for extradition.

A requisition for extradition cannot be founded on sentences passed *in contumaciam*.

ARTICLE X.

A fugitive criminal may, however, be apprehended under a warrant issued by any police magistrate, justice of the peace, or other com-

petent authority, in either country, on such information or complaint, together with such evidence or after such judicial proceedings as would in the opinion of the officer issuing the warrant justify its issue, if the crime had been committed in that part of the dominions of the two Contracting Parties in which he exercises jurisdiction. Provided, however, that in the United Kingdom the accused shall in such case be sent as speedily as possible before a police magistrate in London. Such requisition may be made by means of the post or by telegraph.

The accused shall, however, be discharged if, within such reasonable time as, with reference to the circumstances of the case, the police magistrate may fix, the requisition shall not have been made according to the stipulations contained in Article IX.

ARTICLE XI.

The extradition shall not take place before the expiration of fifteen days from the apprehension, and then only if the evidence be found sufficient, according to the laws of the State applied to, either to justify the committal of the prisoner for trial, in case the crime had been committed in the territory of the said State, or to prove that the prisoner is the identical person convicted by the Courts of the State which makes the requisition.

ARTICLE XII.

In the examinations which they have to make in accordance with the foregoing stipulations, the authorities of the State applied to shall admit as entirely valid evidence the sworn depositions or statement of witnesses taken in the other State, or copies thereof, and likewise the warrants and sentences issued therein, provided such documents

are signed or certified by a Judge, Magistrate, or Officer of such State, and are authenticated by the oath of some witness, or by being sealed with the official seal of a British Secretary of State, or of the Chancellor of the Swiss Confederation.

ARTICLE XIII.

If sufficient evidence for the extradition be not produced within two months from the date of the apprehension of the fugitive, he shall be set at liberty.

ARTICLE XIV.

All articles seized, which were in the possession of the person to be surrendered at the time of his apprehension, shall, if the competent authority of State applied to for the extradition has ordered the delivery thereof, be given up when the extradition takes place, and the said delivery shall extend not merely to the stolen articles, but to everything that may serve as a proof of the crime.

ARTICLE XV.

The Contracting Parties renounce any claim for the reimbursement of the expenses incurred by them in the arrest and maintenance of the person to be surrendered, and his conveyance to the frontiers of the State from which he is required; they reciprocally agree to bear such expenses themselves.

ARTICLE XVI.

The stipulations of the present Treaty shall be applicable to the Colonies and foreign Possessions of Her Britannic Majesty.

The requisition for the arrest and surrender of a fugitive criminal who has taken refuge in any of such Colonies or foreign Possessions shall be

made through the Swiss Consul-General in London to the Secretary of State for Foreign Affairs, who shall proceed in conformity with the provisions of the present Treaty and the laws of the land.

Her Britannic Majesty shall, however, be at liberty to make special arrangements in the British Colonies and foreign Possessions for the surrender of such individuals as shall have committed in Switzerland any of the crimes hereinafore mentioned, who may take refuge within such Colonies and foreign Possessions, on the basis, as nearly as may be, of the provisions of the present Treaty.

The requisition for the surrender of a fugitive criminal from any Colony or foreign Possession of Her Britannic Majesty shall be governed by the rules laid down in the preceding Articles of the present Treaty.

ARTICLE XVII.

The present Treaty shall come into force ten days after its publication in conformity with the forms prescribed by the laws of the High Contracting Parties. It may be terminated by either of the High Contracting Parties, but shall remain in force for six months after notice has been given for its termination.

The Treaty shall be ratified, and the ratifications shall be exchanged at Berne in four weeks, or sooner if possible.

In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seal of their arms.

Done at Berne, the thirty-first day of March, in the year of our Lord one thousand eight hundred and seventy-four.

(L.S.) A. G. G. BONAR.

(L.S.) J. M. KNÜSEL.

And whereas a Protocol amending Article XVI of the aforesaid Treaty was signed by the Plenipotentiaries of Her Majesty and of the Swiss Confederation on the twenty-eighth day of November, one thousand eight hundred and seventy-four, which Protocol is in the following terms :—

The Undersigned Plenipotentiaries of Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, and the Federal Council of the Swiss Confederation, having met in Conference; have taken into their consideration the following subject :—

They have directed their attention to the fact that the second paragraph of the XVIth Article of the Treaty, which stipulates that the requisition for the arrest of a fugitive criminal who has taken refuge in any of the Colonies or foreign possessions of Her Britannic Majesty shall be made through the Swiss Consul-General in London to the Secretary of State for Foreign Affairs, was not in accordance with the law of England, and they have consequently resolved to declare that the second paragraph of that Article beginning :

"The requisition for the arrest," and concluding with, "and the laws of the land," shall be null and void, and in lieu thereof the following words shall be substituted :

"The requisition for the surrender of a fugitive criminal who has taken refuge in any of such Colonies or foreign possessions shall be made to the Governor or to the Supreme Authority of such Colony or Possession through the Swiss Consul, or, in case there should be no Swiss Consul, through the Consular Agent of another State charged for the occasion with the Swiss interests in the Colony or Possession in question.

"The Governor or Supreme Authority above-mentioned shall decide with regard to such requisitions as nearly as possible in accordance with the provisions of the present Treaty. He will, however, be at liberty either to consent to the extradition or report the case to his Government."

The other provisions of Article XVI remain in force as they have been agreed upon in the Treaty.

This Protocol shall be regarded and acted upon as forming part of the Treaty in question.

In witness whereof the Undersigned have signed this Protocol, and have hereunto affixed their seals.

Done in duplicate at Berne, the twenty-eighth day of November, in the year of Grace, one thousand eight hundred and seventy-four.

The Plenipotentiary of Great Britain,

(L.S.) EDWIN CORBETT.

And whereas the ratifications of the said Treaty and Protocol were exchanged at Berne on the thirty-first day of December last:

Now, therefore, Her Majesty, by and with the advice of Her Privy Council, and in virtue of the authority committed to Her by the said recited Act, doth order, and it is hereby ordered, that from and after the first day of March, one thousand eight hundred and seventy-five, the said Act shall apply in the case of the said Treaty and Protocol with the Swiss Confederation.

THE Queen has been graciously pleased to confer the Albert Medal of the Second Class on:—

LIEUTENANT THE HONOURABLE FRANCIS ROBERT SANDILANDS, R.N., of Her Majesty's Ship "Audacious."

The following is an account of the services in respect of which the decoration has been conferred:—

In latitude 13° 44′ N., longitude 58° 29′ E., at one o'clock, A.M., of the 1st January, 1875, the ship being under steam, it being at the time dark, and the weather fine and clear, Frederick Cowd, Ship's Corporal of the First Class, fell overboard from the top-gallant forecastle, and passed aft, apparently unable to help himself.

LIEUTENANT THE HONOURABLE FRANCIS ROBERT SANDILANDS, who had had the first watch, and was at the time on the bridge in conversation with the officer of the middle watch, immediately sprang after the drowning man, from a height of twenty-four feet, swam to him, and kept him above water. Owing to part of the slipping apparatus having been carried away, some delay was occasioned in getting the life-boat clear of the slings, but LIEUTENANT SANDILANDS never ceased his efforts to keep the man above water. Both were eventually picked up, the Ship's Corporal being insensible, and dying soon after being got on board the ship. LIEUTENANT SANDILANDS was unable to reach the life-buoys which had been let go, and he supported the man in the water from twelve to eighteen minutes, never quitting him until he was taken into the boat.

THE Earl of Derby, Her Majesty's Principal Secretary of State for Foreign Affairs, has received from Sir Henry Barron, Her Majesty's Chargé d'Affaires at Brussels, copy of a Decree signed by His Majesty the King of the Belgians, preceded by a letter from His Majesty to the Minister of the Interior, and a report by the

latter, of which documents translations are appended :—

(Translation).

INSTITUTION OF AN ANNUAL PRIZE OF 25,000 FRANCS (£1,000).

The King has written the following letter to the Minister of the Interior :—

MY DEAR MINISTER,

DESIRING to contribute as far as in me lies to the development of intellectual labours in Belgium, I have the intention of instituting, for the duration of my reign, an annual prize of twenty-five thousand francs, destined to encourage works of intelligence. This foundation should, in my idea, have a double character. It has for object in the first place to stimulate the labours of intellect in our country ; in the second place it should attract foreign attention to questions of Belgian interest, and associate Belgium with the progress which sciences, literature, and arts, are accomplishing abroad. In consequence, the prize that I am instituting is to be awarded under the following conditions, and according to the following mode :—

For *three* consecutive years it is to be awarded to the best work published in Belgium, by a Belgian, on subjects which shall be notified beforehand, and in such a manner that the competition shall not take place until five years after this notification. The fourth year, foreigners will be admitted to the competition, and the prize will be offered for the best work published, by a Belgian or by a foreigner, upon a subject of Belgian interest, likewise determined in advance. In this manner, every fourth year, foreign progress and enlightenment will be challenged for the benefit of Belgium. The fifth, sixth, and seventh year, the prize will be again confined to exclusively Belgian

competition ; the eighth year foreigners will be admitted, and so on for each period of four years.

A jury of seven members will be appointed by the Minister of the Interior, in conjunction with myself, to decide upon the works that are presented.

The subject for competition changing every year, the jury will be annually altered.

The year in which foreigners shall compete, the jury will be composed of three Belgian and four foreign members of different nationalities. The President will be a Belgian. I flatter myself with the hope that men of learning will be found in friendly countries who will not refuse to me to come and take a place at the table of the Brussels jury.

Not wishing to delay for five years the execution of my intentions, I desire that, as a temporary arrangement, the first presentation of the prize should take place during the September fêtes of the year 1878.

For the first four years the prize will be awarded; in 1878 (competition exclusively Belgian) for the best work on the National History ; in 1879 (competition exclusively Belgian) for the best work on Architecture ; in 1880 (competition exclusively Belgian) for the best work on the Development of the Commercial Relations of Belgium ; in 1881 (mixed competition) for the best work on the means of ameliorating ports established on low and sandy coasts like our own.

Next year will be published the subject for competition in 1882, and so on, each year, the subject will be made known for which the prize is to be awarded five years afterwards.

I request you, my dear Minister, to take the necessary steps for carrying into execution the scheme of which I have above traced the general

plan, and to receive the renewed expression of my sentiments of affection.

Brussels, the 3rd of December, 1874.

LEOPOLD.

Brussels, December 12, 1874.

REPORT TO THE KING.

SIRE,

In order to conform to the intentions expressed in the letter which your Majesty deigned to address to me on the 3rd of December, I have the honour to submit to your Majesty the regulations organizing the competition instituted by your high and generous initiative.

In drawing up these regulations I applied myself to realize the patriotic idea of your Majesty in accordance with the rules consecrated by experience for the organization of competitions.

I am, Sire,

Your Majesty's most humble and most faithful Servant,

The Minister of the Interior.

DELCOUR.

LEOPOLD II, KING OF THE BELGIANS.

To all present and to come, greeting,

Desiring to contribute, as far as in Us lies, to the development of intellectual labours in Belgium, on the proposition of our Minister of the Interior, We have decreed and do decree :—

ART. 1. An annual prize of 25,000 francs is instituted in favour of the best works on subjects determined upon by Us.

ART. 2. The competition comprises a period of four years ; it will be so regulated that for three consecutive years, works in manuscript or printed

in Belgium, which shall have been produced by Belgian authors, will be alone admitted to it.

The fourth year, foreigners will be invited to participate in it simultaneously with Belgian authors.

Art. 3. In order to be admitted to the competition, the works must be entirely completed and transmitted to the Minister of the Interior, before the 1st of March of the year in which the prize will be awarded.

Art. 4. A new edition of a printed work will only be admitted to the competition in consideration of there having been made in it considerable changes or augmentations.

Art. 5. Whatever may have been the date of the publication of the first parts of a work, it will be admitted to compete if the last part shall have appeared during the period to which the competition applies.

Art. 6. The award on the competition is assigned to a jury of seven members nominated by Us. In the competition, however, in which strangers will be invited to take part, the jury will be composed of three Belgians and four foreign members of different nationalities. One of the Belgian members will have the presidency of the jury.

Art. 7. When it shall have taken cognizance of the works submitted to it for examination, the jury will decide if, among these works, there is one which deserves the prize to the exclusion of the others, and, if so, which.

The question will be put to the vote without a division.

It cannot be decided in the affirmative except by four votes at least.

No member will have the power of abstaining from voting.

Art. 8. Works of members of the jury will be excluded from the competition.

Art. 9. The same work cannot obtain the prize instituted by the present Decree as well as one of the quinquennial prizes established by the Royal Decrees of the 1st of December, 1845, and the 6th of July, 1851.

Art. 10. A manuscript work which shall have obtained the prize must be published in the course of the year following that during which the prize has been awarded.

Art. 11. The presentation of the prize will take place during the September fêtes.

Art. 12. The prize is assigned during the first four years as follows, in 1878 (competition exclusively Belgian), to the best work on the National History; in 1879 (competition exclusively Belgian), to the best work on Architecture; in 1880 (competition exclusively Belgian), to the best work on the Development of the Commercial Relations of Belgium; in 1881 (mixed competition), to the best work on the Means of Improving Harbours Established on Low and Sandy Coasts like that of Belgium.

Art. 13. Our Minister of the Interior is charged with the execution of the present Decree.

Given at Brussels, the 14th day of December, 1874.

Signed by the King.

Board of Trade, (Harbour Department), Whitehall Gardens, June 3, 1875.

THE Board of Trade have received through the Secretary of State for Foreign Affairs, a translation of a Regulation adopted by the European Commission of the Danube for the taxation of steam-vessels trading to that river, which is as follows:—

I. Steam-vessels frequenting the Danube should be furnished with papers or special certificates indicating that their tonnage has been calculated according to the Danube rule. The certificates are to be similar to those issued for the passage of the Suez Canal.

II. As the fixed Bunker rule produces, according to the average of the comparative measurements presented to the Commission, a tonnage superior to that which results from the Danube rule, the said difference shall be taken into account.

For this purpose, and allowing for the time necessary to enable all the vessels to be furnished with Danube papers or certificates, a reduction of three per cent. shall be made on the dues in favour of vessels measured according to the German or fixed Bunker rule.

III. For all other vessels which shall not be able to produce such papers or such a certificate, there shall be made to the dues ordinarily levied an addition which is provisionally fixed at seven per cent., unless the master of the vessel claims, or unless the cash office, as in the cases provided for, directs the measurement of the vessel according to the mode officially adopted by the European Commission.

IV. This decision is to take effect from the 1st September, 1875.

Board of Trade (Harbour Department), Whitehall Gardens, June 19, 1875.

THE Board of Trade have received through the Secretary of State for Foreign Affairs a copy of a Despatch from Her Majesty's Minister at the Hague, enclosing the following translation of a measure recently passed by the Dutch Chambers, relative to the abolition of light, beacon, and tonnage dues, and to the measurement of ships:—

ART. 1. Light, beacon, and tonnage dues which are raised in accordance with the Law of August, 13, 1849, are abolished.

No charge is made for the placing of buoys, lights, or beacons in navigable waters, as referred to in that Law, except in the following cases:—

a. Light dues charged at particular places for the lighting of harbour lights, not in the interest of the general navigation of the channel, but for the purpose of facilitating the approach to those places;

b. Beacon dues for the placing of beacons in creeks and small channels leading to particular places, and exclusively for the purpose of facilitating the approach to those places.

Art. 2. The proprietors, shipowners, or masters of sea-ships, who are bound by the Law of May 28, 1869, to be provided with an ordinary Netherland certificate, are required to have their ships measured by officials appointed for that purpose, at the place where the ship is stationed, whenever it is thought necessary.

Art. 3. The unit of the ship's measurement is the cubic mêtre.

The certificate of measurement to be handed over to the master shall state the capacity of the ship, both in that unit and in register tons of 2·83 cubic mêtres. A general measure of internal administration shall further regulate the measurement of the ships in accordance with the Moorsom system, and fixes the time at which the provisions of this Article shall come into operation.

Art. 4. To commence at the time appointed, according to the latter part of the previous Article, the consular fees, for the calculation of which the ton at $1\frac{1}{2}$ of the cube of the mêtre has hitherto served as basis, shall be raised according to the scale of one cubic mêtre. The tariff of those fees shall be modified by a general measure of internal administration in such a manner that they shall not be increased by the change of the unit and mode of measurement.

Art. 5. Foreign vessels shall be measured in the same manner as Netherlands ships, on their first arrival in Holland. If those vessels are provided with a foreign certificate of measurement, given to them by a competent authority, their capacity can be calculated according to Dutch measurement. The declaration respecting this

calculation is to take the place of the certificate of measurement, according to Articles 7 and 8 of the Law of July 14, 1855. The calculation is further to be determined by a general measure of internal administration.

Art. 6. Vessels belonging to countries in which the same system of measurement exists as in the Netherlands, may be exempted from measurement in this country, on condition of reciprocity and the further necessary provisions.

Art. 7. Articles 2, 3, and 4 of the above-mentioned Law of July 14, 1855, are revoked. The last sentence of Article 2 shall however remain in force up to the time to be determined according to the latter part of Article 2 of this Law.

Art. 8. This Law shall come into operation on July 1, 1875.
